Subject Re: Webinars for Public and Tribes

Judy - are there any registered for the tribal webinar this morning? If we don't have registrants, I assume we will cancel.

Subject: Webinars for Public and Tribes

Good morning.

I am going to add all of the EPA staff invited to the public and tribal webinar as "organizers/panelists." This means that you will soon get an e-mail with a unique link for each session. This will allow the project team to communicate using the chat feature during the webinar. I will open up the lines about 15 minutes early.

We are going to try to provide time to take a few questions, and hopefully we can use the chat feature to coordinate who should respond. However, we are going to emphasize that this session is not recorded and they should provide their comments to the docket. At this time there are 55 people signed up for the public session this afternoon.

I realize that not everyone is going to be participating in all the sessions, so just decline or delete if needed.

Thanks,

Judy
